**ORDER:**

It is the case of the petitioner that he and the 4th respondent completed M.C.A. and both of them went to Hyderabad in the year 2004 in connection with doing project work. They had acquaintance with each other. Except acquaintance, there is no relationship existing between the petitioner and the 4th respondent.

It is stated that the 4th respondent appears to have lodged written complaint before the 3rd respondent alleging that the she fell in love with the petitioner as he promised to marry her. In fact, there is no love affair existing between them. Basing on the alleged written complaint, the 3rd respondent asked the petitioner to appear Rolugunta Police Station, Narsipatnam. Accordingly, he went to Rolugunta Police Station on 28-03-2007 along with elders. At that time, the 4th respondent was also present along with her family members. Thereupon, the 3rd respondent insisted the petitioner to marry the 4th respondent.

It is the case of the petitioner that he never fell in love with the 4th petitioner or promised to marry her.

I am not inclined to express any opinion on the merits of the case. But, however, if there is any written complaint filed by the 4th respondent or any other person, it is always open for the concerned police officials to register a case and investigate the same in accordance with law, if they come to the conclusion that the petitioner committed cognizable offence. But, without registering case against the petitioner, the police cannot interfere with his personal life and liberty.

Accordingly, the writ petition is disposed of directing respondent Nos.1 to 3 not to interfere with the personal life and liberty of the petitioner. But, however, if there is any complaint lodged by the 4th

respondent or any other person, it is always open for them to register a case and take appropriate action in accordance with law. There shall be no order as to costs.
